

Sexual Harassment

Information

Definitions

What is sexual harassment?

Sexual harassment occurs when unwelcome sexual advances, requests for sexual favors, or other verbal or physical contact of a sexual nature is made, either explicitly or implicitly, as a term or condition of an individual's educational status or employment or is used as a basis for education or employment decisions affecting an individual.

Sexual harassment also occurs when such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's educational or work performance, or creating an intimidating, hostile, or offensive educational or work environment.

Sexual harassment includes any unwanted sexual attention. This definition includes, but is not limited to, sexually suggestive remarks, looks or gestures, sexual teasing or jokes, sexually demeaning comments, pressure for dates or sex, offering a passing grade for sexual favors, deliberate touching, cornering, pinching, or grabbing, attempts to kiss or fondle, and explicit or implied request for sex in exchange for grades, promotions, or salary increases.

Either men or women can be harassed by members of the same or opposite sex, although most harassment involves men harassing women.

Impact

What are the effects?

Sexual harassment can cause confusion, anxiety, self-doubt, guilt, humiliation, and physical stress. It can create a tense and unproductive working or learning environment and may result in failing an examination, dropping a class, changing a major, missing work, quitting a job, or being fired.

You may also be afraid that you will suffer retaliation if you complain; that people will think you "asked for it," that you are somehow responsible for the harasser's behavior, or that you may be imagining or misreading the person's intentions.

Remedies

What can you do?

If you feel you are being sexually harassed, tell the person to stop. Make clear to the offender that the behavior is unacceptable to you. Speak directly. Say something like, "I'd like to keep our relationship strictly professional." Talking to the harasser often stops the behavior, but you are not legally required to confront the individual in order

City College is committed to a sexual harassment free campus. The College provides ongoing training for teachers and staff to inform them of the law, CCSF policy, and methods for handling sexual harassment situations and complaints.

Advisors are available to assist students in identifying sexual harassment and taking action against it. Your privacy will be respected.
